

PROGRESSIO Feinblechtechnik GmbH: Corporate presentation 2022

Unterer Mappes 2
74858 Aglasterhausen, Germany

September 2022

Corporate presentation 2022 | In brief

- **Engineering and Manufacturing** of sophisticated **thin sheet metal products** with deep (internal) supply chain
- and **external** services regarding **surface technology**
- from raw materials as **Sheet Steel, Premium Steel, Aluminium**
- by means of our **digitalization/industry4.0-solution** with ERP system Microsoft Dynamics NAV
- in line with our **sustainable strategy** for top-line and bottom-line growth

**PFB since
08/2015**

(resp. since 1949)

Engineering

(Idea, Sample,
Prototype, Series)

**Thin
sheet metal
processing**

(lean, TRUMPF
technology, robot
welding)

**Work
piece trays**

**6100 m² |
~ 90 HC |
DIN ISO
9001:2015**

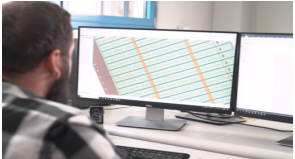

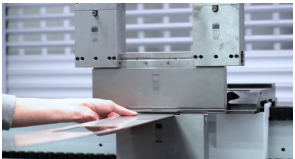

**Contact
persons**

(Page 14)

Corporate presentation 2022 | Corporate services in different industries

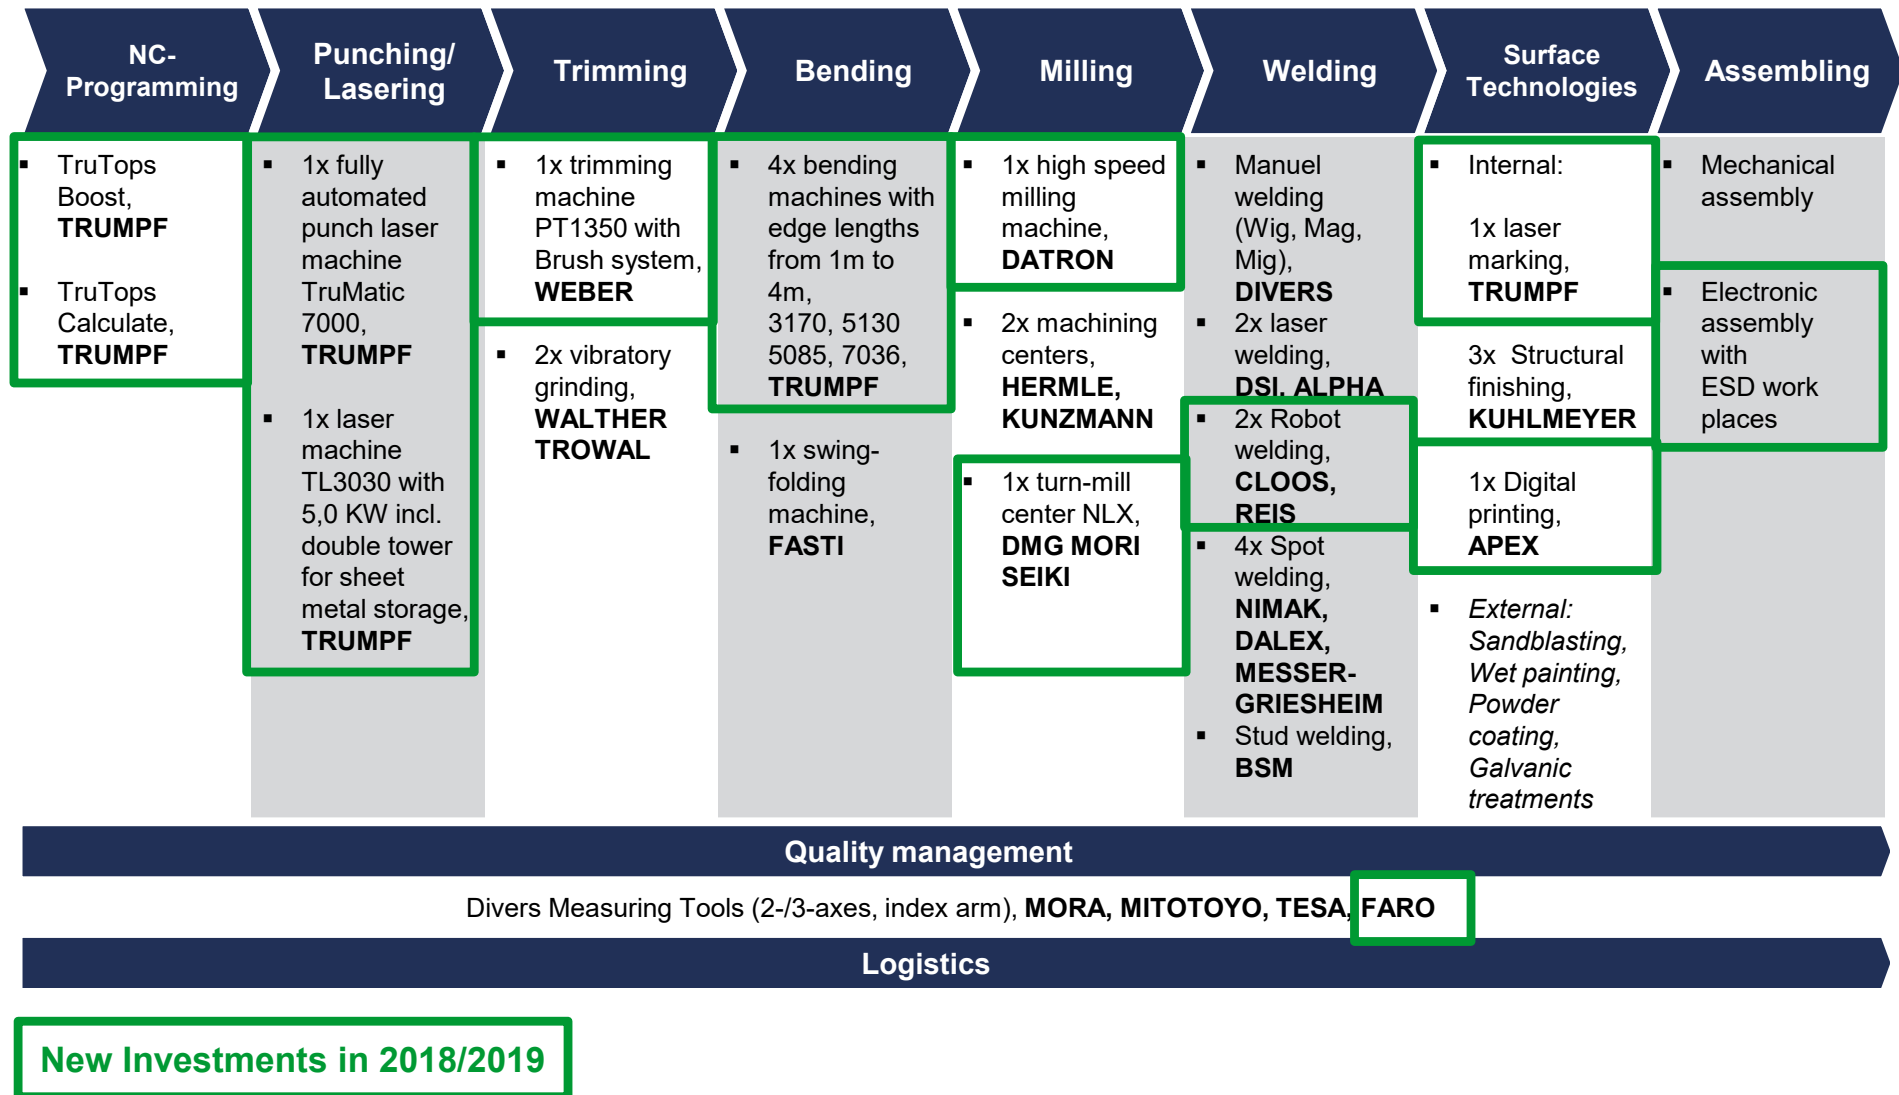

Engineering	
Thin sheet steel products	
Work piece trays	
Quality management	
Logistics	

Industries		
Medical Engineering	Laboratory techniques	Food
Health care	Pharmaceutical industry	Logistics
Electronic Devices/ Electronics	Pet food	Point of sale Systems
Machine construction	Automotive (incl. E-Mobility, Fuel Cell)	...

Corporate presentation 2022 | Scope of supply chain and essential machines of production technology

Corporate presentation 2022 | Impressions from the shoop flor 1/3

Punch
Laser/
Laser
cutting

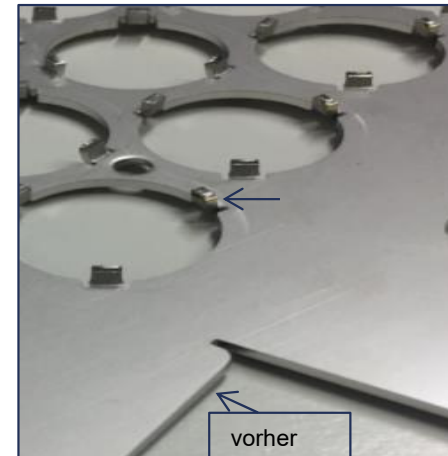

TruMatic 7000

TL 3030

Trimming

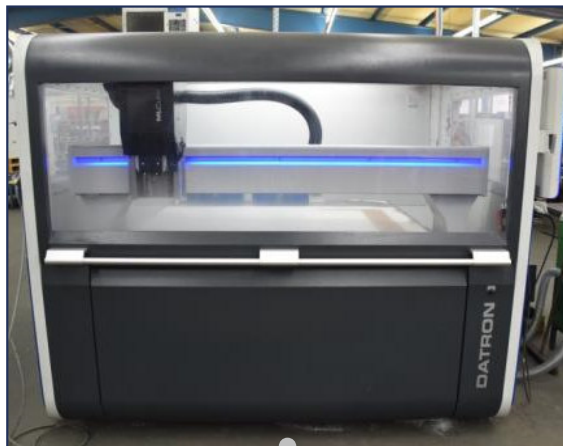

Corporate presentation 2022 | Impressions from the shoop flor 2/3

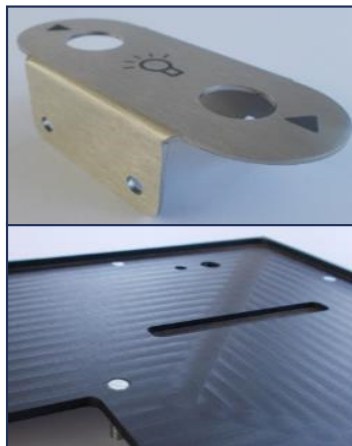

Bending

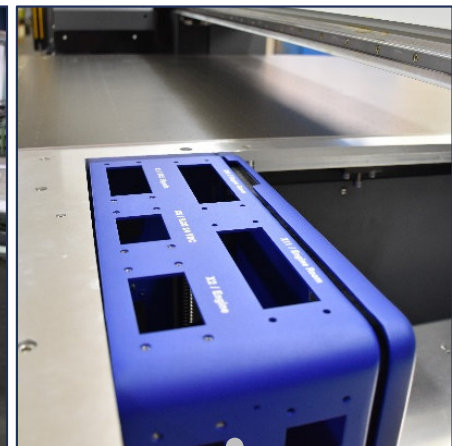

Milling

High-speed milling

Laser marking

Digital printing

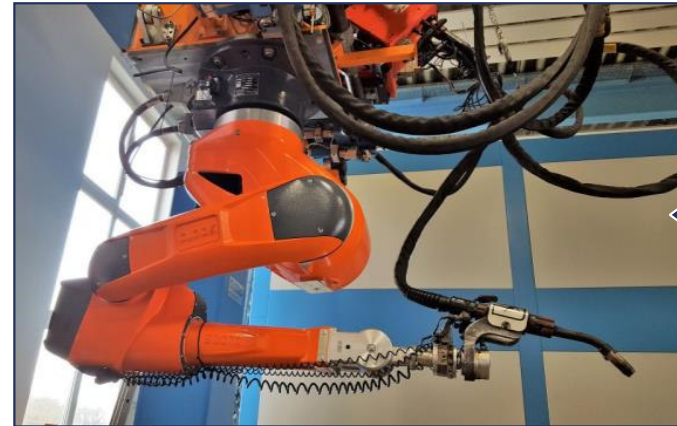

Welding

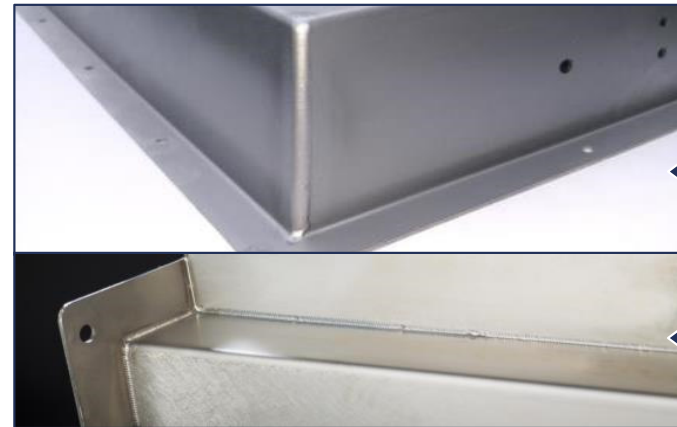

Sophisticated
Welding
components are
manufactured on
universal
welding benches

Robot welding
MIG/MAG/WIG

6-axes-welding
roboto
MIG/MAG/WIG

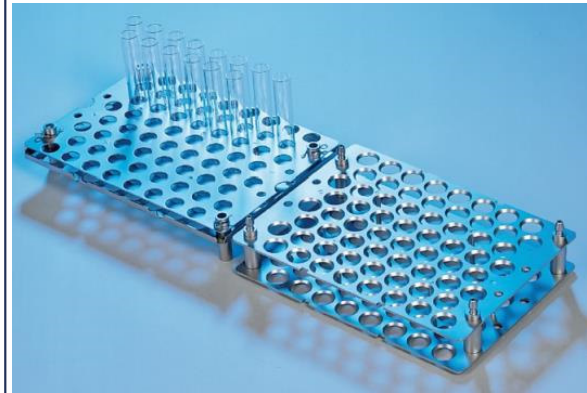

Product
Examples:

- Robot WIG
weldseam
glass bead
blasted (top)
- Weldseam
robot welding
(bottom)

Corporate presentation 2022 | Practical examples medicine, laboratory und pharmaceutical industry

Work piece tray medical engineering (here: spraying devices)

Equipment car with housing for electrotherapy

Measure device ophthalmic optics

Work piece tray pharma

Corporate presentation 2022 | Practical examples food, health care and laboratory

Housing premium steel food

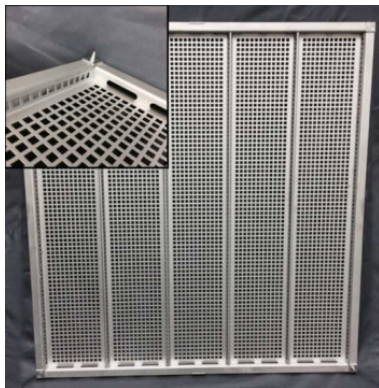

Housing
(highest hygienic requirements)

Housing laboratory industry

Work piece tray food

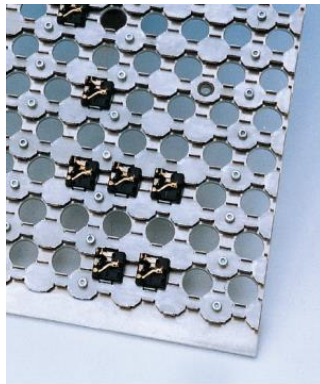

High precision work piece tray test glas

Corporate presentation 2022 | Practical examples electronics

Work piece tray relay supply

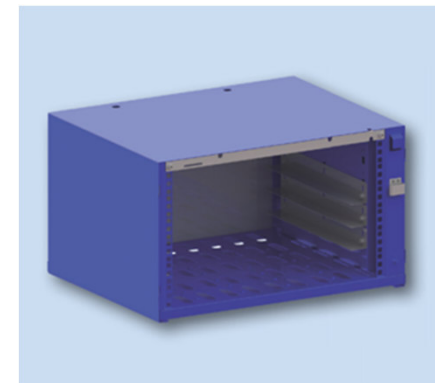

Housing 19-inch chassis

Housing motor control unit

Customer-specific 19-inch cabinet

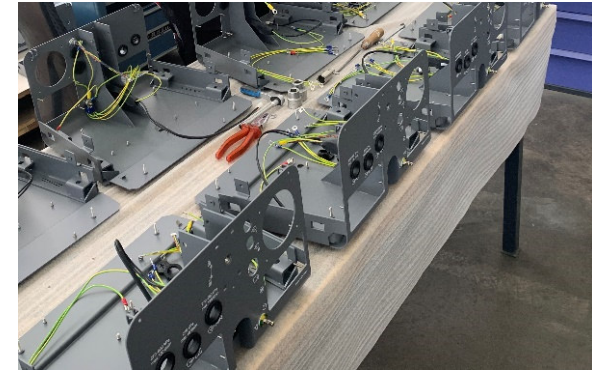

Corporate presentation 2022 | Practical examples mechanical and electrical assembly

Steel sheet components

Assembly mechanical components

Assembly at ESD work places

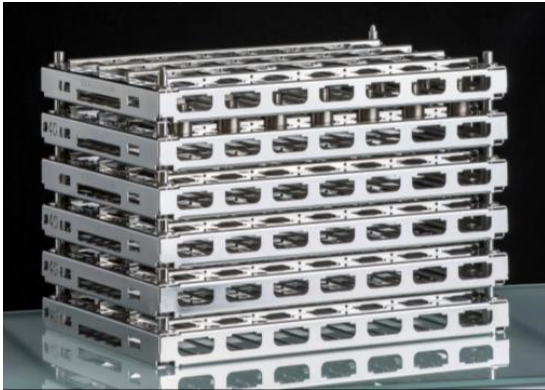

Assembly for medical engineering

Corporate presentation 2022 | Practical examples machine construction

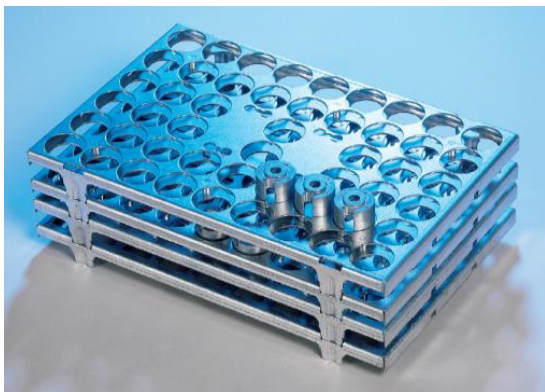

Stackable work piece tray

Tray for worm gears

Stackable trays for aluminium parts

Stackable trays for fork pieces

Cable channel systems

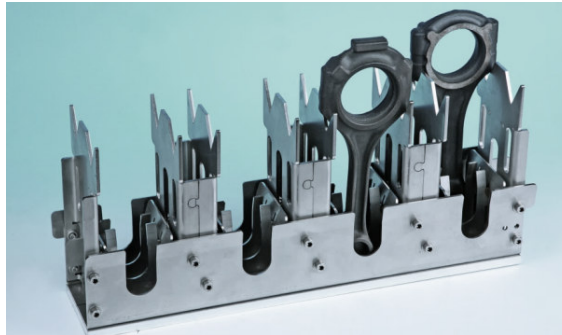

Corporate presentation 2022 | Practical examples automotive

Transport tray for truck brakes

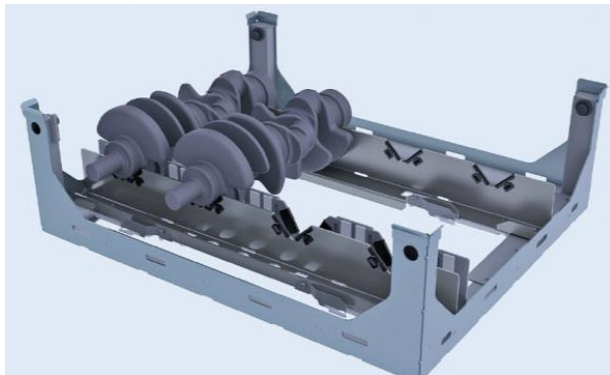

Work piece tray connecting rods

Trays for injection nozzles

Adjustable tray for crank shafts

Floor roller for cabion cages

Technical competence team

Corporate presentation 2022 | Company profiles of FIDELITAS group

PFB

PROGRESSIO
Feinblechtechnik GmbH

- **Thin sheet metal technology**, resp. parts, components, systems (**till 5mm thickness**), in particular sheet steel, premium steel and aluminium
- **Work piece trays/systems**
- Unterer Mappes 2, 74858 Aglasterhausen Germany
- **www.progressio-feinblech.de**
- Managing Director: Dr. Matthias Maier
- Production area: approx. 6.100 m²
- Headcount = 90, incl. 10 apprentices
- Lean production, ERP system NAV, digitalization/industry 4.0
- Recent machine technology since summer 2018

- Cross-company **product strategy „Blech meets Elektronik“**
- As well as: **Stand-alone-approach** with new investments

IEL

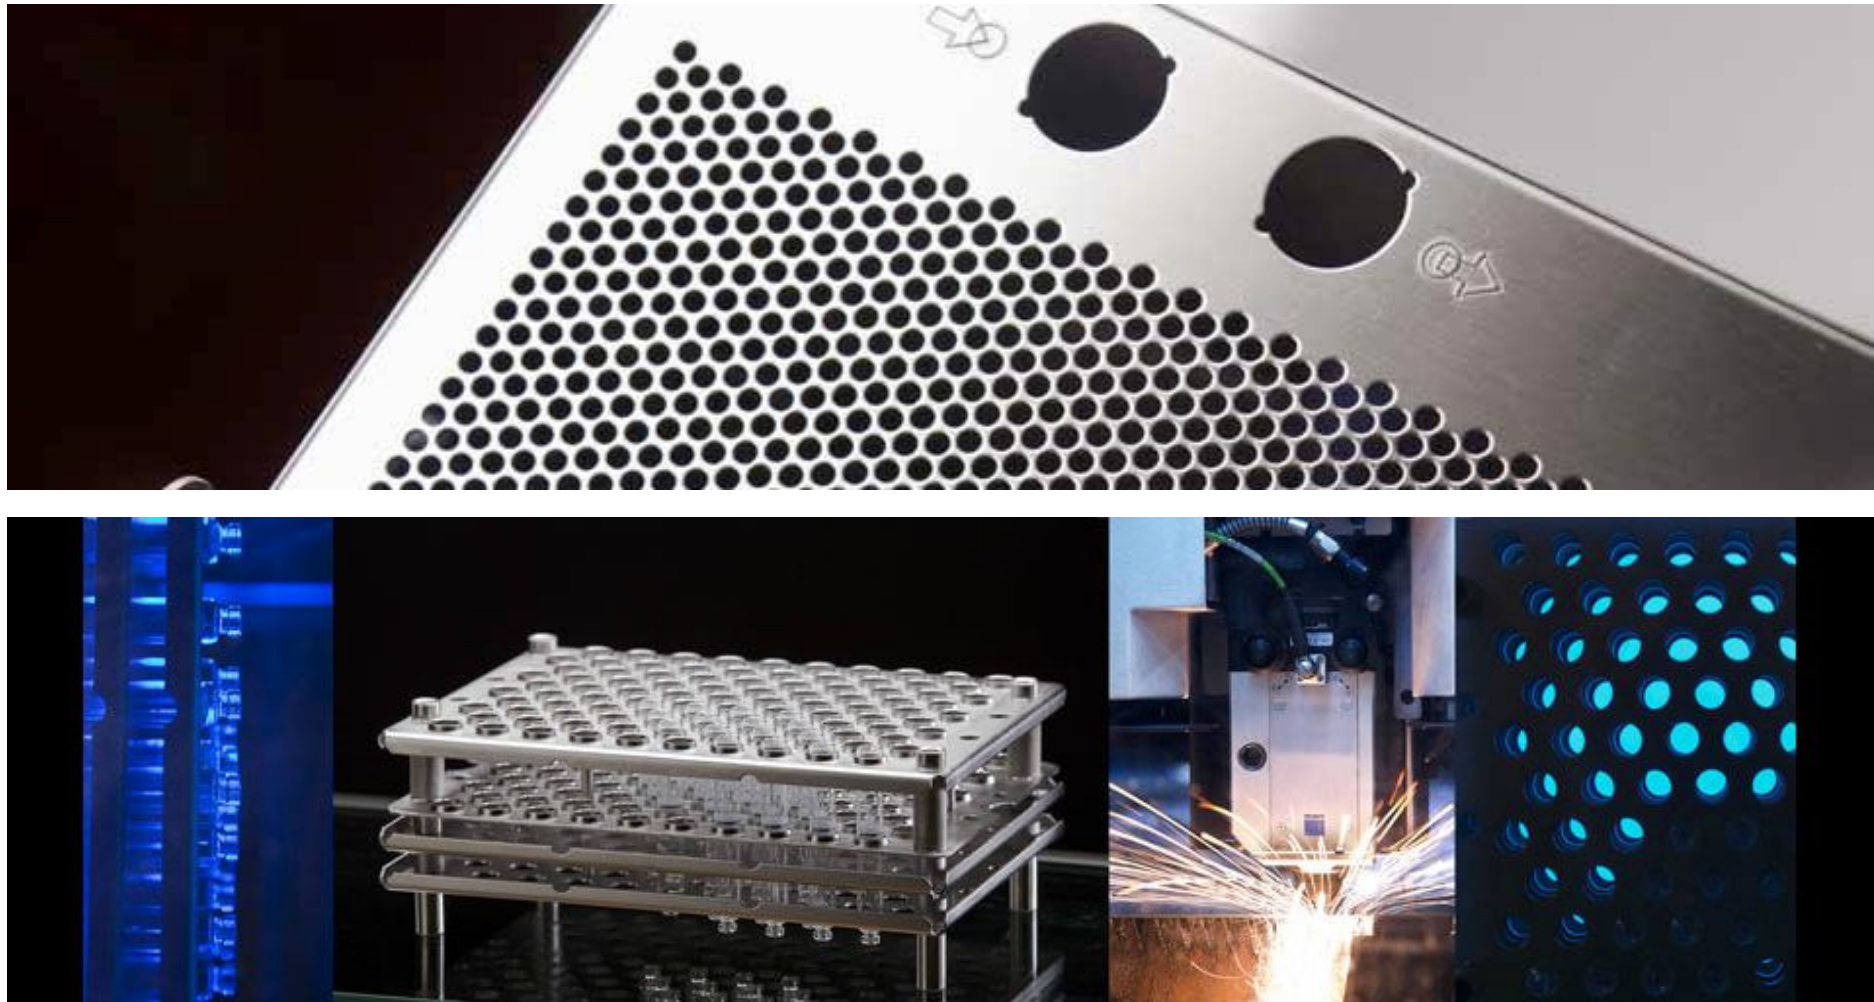

INTUS
Elektronik GmbH

- **Electronic Manufacturing Services (EMS)** resp. Electronics Contract manufacturing (ECM)
- Engineering and Manufacturing of „inside intelligence“ of devices | FIDELITAS group as **system supplier**
- Zillenhardtstraße 35, 73037 Göppingen Germany
- **www.intus-elektronik.de**
- Managing Directors: Dr. Matthias Maier
- Production area: approx. 2.000 m²
- Headcount = 50
- Lean production, ERP system NAV, digitalization/industry 4.0
- Recent machine technology since autumn/winter 2019/2020

Corporate presentation 2022 | Many THANKS for your interest
